BOOK SYNOPSIS

ICD-10-PCS is a kind of medical coding that is used to identify what kinds of treatment a patient received, and used for billing a patient. Medical coding requires a person to get an education, and there is a huge amount of information a person needs to know in order to get a coding certification. One great way to learn the information is with the use of a study pamphlet. The pamphlet can be used to learn the basic information, and can keep a student focused on what they need to learn.
