BOOK SYNOPSIS

Every year, 90,000 patients die in our American hospitals due to medical error. The price to individuals, families, and society at large is in the billions, and yet wrongful medical outcomes are often swept under the rug. Patients need to know how to avoid medical blunders from the minute they step foot in their doctors office or hospital. This book, written from an insiders perspective, walks readers through the potential hazards of healthcare and offers guidance for how to avoid injury or worse.
